

Physical Activity FILES

This infographic is based on data resulting from the Canadian Fitness and Lifestyle Research Institute's 2021-2022 Opportunities for Physical Activity at School survey.

Availability of facilities on school grounds during school hours

Percentage of schools indicating availability of facilities on school grounds during school hours by student population size*

■ Smaller (300 students or less) ■ Larger schools (>300 students)

*Data with unknown student population size are not shown.
